Docket No. 98N-1265

Food and Drug Administration

5600 Fishers Lane

Rockville, MD. 20857

MAY 14 P2:08

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: I am 59 years & have tried the
premarin & provera for 5 years. Had all kinds
of problems prozac etc. (I no longer take prozac)
Have been taking natural hormone for
approx 2 years (vast difference). I can sleep,
am talking again - numerous differences.
This is the only source (madison pharmacy) that
I know of that sells natural hormones & I should
have the right to continue purchasing them.
